

## **Rock Spring League – Bad Weather Field Closure Policy:**

Rock Spring league typically leaves field status decisions up to the individual clubs. Once at the fields, referees will determine if field conditions are safe for game play.

If any club closes their fields for the day due to the bad weather, Rock Spring League must be notified right away to allow time to cancel referees and for your teams to notify their opponents. **We will not accept individual game cancellations due to rain. We must hear from the club field coordinator in order to cancel games club wide.**

**Field Coordinators** - Please email [rockleague@crusa.net](mailto:rockleague@crusa.net) as soon as you are sure your fields are closed for the day.

**Coaches** – if your home fields are closed for the day, please alert your opponent and begin working on possible reschedule dates. Please use the game change form to submit the reschedule information.

If a field is closed for rain, your game on the schedule will say “rained out” in red, under the time of your game.
